

New School Website

We are very excited and proud to officially announce the launch of our new school website. We hope that it reflects more about who we are as a school community and that you will find it more up to date and easier to navigate. Below, you will find some screenshots to give you an idea of what you might come across and we would encourage you to go and have a look around and explore! We do of course welcome your feedback and look forward to hearing your comments.

The eSchools App

Later this week you will receive a log in for the eSchools App. On the app you will find messages from school, letters home and information about your child's attendance. Unfortunately at the moment we are unable to offer the online payment system. This will replace the current teachers2parents text message system and the newsletter being sent out by email.
